Any person found to have sexually harassed another will face disciplinary action, up to and including dismissal from employment.

All complaints of sexual harassment will be taken seriously and treated with respect and in confidence. No one will be victimized for making such a complaint.

DEFINITION OF SEXUAL HARASSMENT: Sexual harassment is unwelcome conduct of a sexual nature which makes a person feel offended, humiliated and/or intimidated. It includes situations where a person is asked to engage in sexual activity as a condition of that person's employment, as well as situations which create an environment which is hostile, intimidating or humiliating for the recipient.

Sexual harassment can involve one or more incidents and actions constituting harassment may be physical, verbal and non-verbal. Examples of conduct or behavior which constitute sexual harassment include, but are not limited to:

Physical conduct

- ❖ Unwelcome physical contact including patting, pinching, stroking, kissing, hugging, fondling, or inappropriate touching
- ❖ Physical violence, including sexual assault
- ❖ Physical contact, e.g., touching, pinching
- ❖ The use of job-related threats or rewards to solicit sexual favors

Verbal conduct

- ❖ Comments on a worker's appearance, age, private life, etc.
- ❖ Sexual comments, stories and jokes
- ❖ Sexual advances
- ❖ Repeated and unwanted social invitations for dates or physical intimacy
- ❖ Insults based on the sex of the worker
- ❖ Condescending or paternalistic remarks
- ❖ Sending sexually explicit messages (by phone, by email or by mail)

Non-Verbal conduct

- ❖ Display of sexuality explicit or suggestive material
- ❖ Sexually-suggestive gestures
- ❖ Whistling
- ❖ Leering

Anyone can be a victim of sexual harassment, regardless of their sex and of the sex of the harasser. LEE'S TRAVEL CENTER recognizes that sexual harassment may also occur between people of the same sex. What matters is that the sexual conduct is unwanted and unwelcome by the person against whom the conduct is directed.

LEE'S TRAVEL CENTER recognizes that sexual harassment is a manifestation of power relationships and often occurs within unequal relationships in the workplace, for example between manager or supervisor and employee.

Anyone, including employees of LEE'S TRAVEL CENTER, clients, customers, casual workers, contractors or visitors who sexually harasses another will be reprimanded in accordance with this internal policy.

All sexual harassment is prohibited whether it takes place within LEE'S TRAVEL CENTER premises or outside including at social events, business trips, training sessions or conferences sponsored by LEE'S TRAVEL CENTER

Anyone who is subject to sexual harassment should, if possible, inform the alleged harasser that the conduct is unwanted and unwelcome. LEE'S TRAVEL CENTER recognizes that sexual harassment may occur in unequal relationships (i.e., between a supervisor and his/her employee) and that it may not be possible for the victim to inform the alleged harasser.

If a victim cannot directly approach an alleged harasser, he/she can approach one of the designated staff members responsible for receiving complaints of sexual harassment. This person could be another supervisor.

When a designated person receives a complaint of sexual harassment, he/she will:

- ❖ Immediately record the dates, times and facts of the incident(s)
- ❖ Ascertain the views of the victim as to what outcome he/she wants
- ❖ Ensure that the victim understands the company's procedures for dealing with the complaint

- ❖ Discuss and agree the next steps: either informal or formal complaint, on the understanding that choosing to resolve the matter informally does not preclude the victim from pursuing a formal complaint if he/she is not satisfied with the outcome
- ❖ Keep a confidential record of all discussions
- ❖ Respect the choice of the victim
- ❖ Ensure that the victim knows that they can lodge the complaint outside of the company through the relevant country/legal framework

Throughout the complaint procedure, a victim is entitled to be helped by a counsellor within the company. LEE'S TRAVEL CENTER will nominate a number of counsellors and provide them with special training to enable them to assist victims of sexual harassment. LEE'S TRAVEL CENTER recognizes that because sexual harassment often occurs in unequal relationships within the workplace, victims often feel that they cannot come forward. LEE'S TRAVEL CENTER understands the need to support victims in making complaints.

Informal complaints mechanism

If the victim wishes to deal with the matter informally, the designated person will:

- ❖ Give an opportunity to the alleged harasser to respond to the complaint
- ❖ Ensure that the alleged harasser understands the complaints mechanism
- ❖ Facilitate discussion between both parties to achieve an informal resolution which is acceptable to the complainant, or refer the matter to a designated mediator with the company to resolve the matter
- ❖ Ensure that a confidential record is kept of what happens
- ❖ Follow up after the outcome of the complaints mechanism to ensure that the behavior has stopped
- ❖ Ensure that the above is done speedily and within 24 hours of the complaint being made

Formal complaints mechanism

If the victim wants to make a formal complaint or if the informal complaint mechanism has not led to a satisfactory outcome for the victim, the formal complaint mechanism should be used to resolve the matter.

The designated person who initially received the complaint will refer the matter to your Supervisor or General Manager to instigate a formal investigation. The Supervisor or General Manager may deal with the matter him/herself, refer the matter to an internal or external investigator or refer it to a committee of three others in accordance with this policy.

The person carrying out the investigation will:

- ❖ Interview the victim and the alleged harasser separately
- ❖ Interview other relevant third parties separately
- ❖ Decide whether or not the incident(s) of sexual harassment took place
- ❖ Produce a report detailing the investigations, findings and any recommendations
- ❖ If the harassment took place, decide what the appropriate remedy for the victim is, in consultation with the victim (i.e., an apology, a change to working arrangements, a promotion if

the victim was demoted as a result of the harassment, training for the harasser, discipline, suspension, dismissal)

- ❖ Follow up to ensure that the recommendations are implemented, that the behavior has stopped and that the victim is satisfied with the outcome
- ❖ If it cannot determine that the harassment took place, he/she may still make recommendations to ensure proper functioning of the workplace
- ❖ Keep a record of all actions taken
- ❖ Ensure that all the records concerning the matter are kept confidential
- ❖ Ensure that the process is done as quickly as possible and in any event with 24 hours of the complaint being made

Outside complaints mechanisms

A person who has been subject to sexual harassment can also make a complaint outside of the company.

SANCTIONS AND DISCIPLINARY MEASURE

Anyone who has been found to have sexually harassed another person under the terms of this policy is liable to any of the following sanctions:

- ❖ Verbal or written warning
- ❖ Adverse performance evaluation
- ❖ Reduction in wages
- ❖ Transfer
- ❖ Demotion
- ❖ Suspension
- ❖ Dismissal

The nature of the sanctions will depend on the gravity and extent of the harassment. Suitable deterrent sanctions will be applied to ensure that incidents of sexual harassment are not treated as trivial. Certain serious cases, including physical violence, will result in the immediate dismissal of the harasser.

Report any discrepancies in your paycheck to the General Manager.

TIMEKEEPING

LEE'S TRAVEL CENTER uses a time clock to determine hours worked. If you are non-exempt employee, you must punch in when you arrive at work and punch out when you leave. Without the approval of your department head, you may punch in no earlier than 10 minutes before starting time, and you may punch out no later than 10 minutes after your scheduled workday has ended. Each employee is required to punch a time clock and must do it personally.

Every employee is to clock in and out each day through our independent automated time system or manual system. These times are to be submitted with payroll for each payroll period. It is **THE EMPLOYEE'S SOLE RESPONSIBILITY TO CLOCK IN AND OUT PERSONALLY. CLOCKING ANOTHER EMPLOYEE WOULD LEAD TO YOUR TERMINATION AND THE EMPLOYEE REQUESTING THAT YOU CLOCK THEM IN WILL ALSO.**

At the beginning and ending of each work shift, employees are required to clock in and clock out via a time system. Writing in time on a time card or time sheet is **NOT ACCEPTABLE AND IS NOT CONSIDERED PROPER PROCEDURE.** Not clocking in and out properly and/or falsifying hours worked could lead to disciplinary action or termination. No employee is allowed to work while off the clock. When the employees shift has ended, they must clock out and leave the premises.

PAY DEDUCTIONS

There are two types of pay deductions: Deductions required by law and deductions that you have authorized. The law requires that regular amounts be deducted from your pay and applied toward payment of your federal, local and state income taxes, if applicable, and to Social Security. LEE'S TRAVEL CENTER offers programs and benefits beyond those required by law. You must authorize deductions from your paychecks for the cost of these plans.

OVERTIME

Occasionally you will be called upon to work more than your normal work week and you may be eligible to receive overtime pay. Your supervisor will provide you with as much advance notice as possible. Overtime for eligible non-exempt employees must be approved in advance by your supervisor. Overtime will be paid to eligible non-exempt employees for time worked in excess of 40 hours per week, at 1-1/2 times your regular rate. Time off with or without pay, including but not limited to holiday, vacation, sick leave, personal leave or leave without pay, will not be counted as hours worked for purposes of calculating overtime. Overtime will normally be paid in the pay period following the period in which it is earned, providing timesheets/cards have been properly prepared, approved and submitted.

PAY INCREASES

LEE'S TRAVEL CENTER compensation program is designed to attract, retain and reward talented, capable employees. Periodically, employees will be reviewed for pay increases, which are awarded solely on the basis of merit. A recommendation to award a pay increase is made by your supervisor and submitted for approval.

PERFORMANCE EVALUATION

A formal evaluation of your job performance will be conducted by your supervisor on a periodic basis. Performance evaluations are conducted to provide both supervisors and employees the opportunity to discuss job duties, identify and correct weaknesses, encourage and recognize strengths and discuss positive purposeful approaches for meeting Company goals. FAMILY MEDICAL LEAVE ACT "FMLA"

Lee's Travel Center is covered employer under the Family and Medical Leave Act of 1993. FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave in a 12-month period to *eligible* employees for certain family and medical reasons. The 12-month period is a rolling period measured backward from the date of the last leave taken. If no prior family or medical leave was taken, the 12-month period will be measured forward from the beginning of leave. Employees are eligible if they have worked for Lee's Travel Center for at least 12 months and for at least 1,250 hours during the 12-month period preceding the beginning of the leave. Employees; paid/accrued vacation and sick days will run concurrently with the use of FMLA leave. Employees who are on an approved leave of absence may not engage in any form of self-employment or perform work for any other employer during that leave except for military service.

If two or more members of the same family who are entitled to leave under this policy are both employed by the Company, they are together eligible for a combined total of no more than 12 weeks of leave during a 12-month period for the same qualifying event.

Thirty days' notice is required to take leave when the need is foreseeable., such as pregnancy or when the leave can be scheduled, such as for elective surgery. In the event of medical emergencies, the employee must prove the Company with as much notice as practicable.

When an employee works a part-time schedule or variable hours, the amount of leave to which they are entitled will be determined on a pro rata or proportional basis. Eligible employees who are scheduled for less than 40 hours a week will receive the number of weeks of leave that is calculated by multiplying their normally scheduled hours by 12 then divided by 40 hours. The 12-month period for leave will be measured backward from the date the last leave was taken, if applicable, or measured forward from the beginning of leave.

FMLA leave must be taken as consecutive weeks for each incident or may be taken intermittently or on a reduced leave schedule only in the event of a specific medical necessity for the care of either employee (Sick Leave) or qualified family member (Family Care Leave) or a covered servicemember (Military Family Leave) or leave due to qualifying exigencies (Military Exigency Leave). Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the company's operations. When leave is taken on an intermittent or reduced schedule basis, the

employee may be temporarily transferred to an alternative position with the same pay and benefits that better accommodates recurring leave periods than does the employee's regular position.

BENEFITS DURING FMLA LEAVE

Any previously accrued seniority shall remain in force however, employees will not be allowed to accrue seniority or other employment benefits during the FMLA leave. An employee who returns to work for at least 30 calendar days is considered to have returned to work.

Employees taking leave under the FMLA are entitled to receive health insurance benefits during the leave at the same level and terms of coverage as if they had been working throughout the leave. In the event that a new group health plan is provided or changes are made in the plan while an employee is on FMLA leave, the employee is entitled to the new or amended benefits to the same extent as if the employee were not on leave. The Company's obligation to continue group health insurance (except as required by the Consolidated Omnibus Budget Reconciliation Act – COBRA) ceases when the employee notifies the Company of their intent not to return to work. The portion of the health insurance premium that the employee pays must be paid at the same times as it would be made if by payroll deduction. If an employee does not return from a FMLA leave, the Company will recover the premiums paid on the employee's behalf during the *unpaid* portion of the leave, unless the employee did not return to work because of the continuation, recurrence or onset of a serious health condition, or some other reason beyond the employee's control. An employee may also continue to keep other group insurance plans such as term life, AD&D, disability and cancer insurance in effect while they are on FMLA leave by paying the normal premium amount payroll deducted. These premiums would also be due at the same time as if they were made by payroll deduction. In the event an employee's insurance premium payment is more than 30 days late, the Company may discontinue the employee's coverage.

An employee who does not return from a FMLA leave or who fails to make timely group health premium payments during a FMLA leave may elect to continue coverage under COBRA. Arrangement to pay premiums must be made prior to the FMLA leave.

The Company will require a physician's certification of the medical necessity for all leaves that are based on the serious health condition of an employee or the need to care for a seriously ill child, spouse or parent of the employee, or a covered servicemember. For the employee's own Sick Leave, certification must include a statement that the employee is unable to perform the functions of the job and an estimate of the amount of time it will take the employee to recuperate. For a Family Care Leave or Military Family Leave, the documentation must include certification of the medical necessity of the employee's care and an estimate of the amount of time the employee is needed to care for the spouse, child or parent.

An employee who is taking FMLA leave is required to report every 30 days their status and intent to return to work upon completion of leave. The employee must keep the Company advised of their expected date of return. The Company will require a statement from the employee's physician upon return from Sick Leave, certifying that the employee is able to resume work. This certification must be presented to the employee's General Manager prior to the commencement of work. The Company will reinstate an employee return from FMLA leave to the same job or one of equivalent pay, benefits and other employment terms for which they are qualified. If the same job or one of equivalent pay and benefits is not available as a result of a reduction in force, the employee will be treated in the same manner as though they were not on leave at the time of the reduction in force.

Whenever a "key employee" takes a FMLA leave, that employee may be denied restoration to their job, in the event restoration will cause substantial and grievous economic injury to the Company's operation. A key employee is defined as a salaried, FMLA eligible employee who is among the top 10% salary level of all Company employees and who works within 75 miles of the worksite. Employees will be notified of their status as a key employee, when applicable, after they request FMLA leave.

Family medical leave will be granted for any of the following reasons:

1. For incapacity due to pregnancy, prenatal medical care or child birth.
2. To care for employee's child after birth, or placement for adoption or foster care.
3. To care for the employee's spouse, son or daughter, or parent who has a serious health condition.
4. For a serious health condition that makes the employee unable to perform their job.
5. Because of a qualifying exigency arising out of the fact that your spouse, son, daughter, or parent is on active duty or call to active-duty status in support of a contingency operation as a member of the National Guard or Reserves.
6. Because you are the spouse, son, daughter, parent, or next of kin of a covered service-member with a serious injury or illness.

The start date for the leave will be either:

1. The date of birth of the employee's child or placement of a foster or adopted child.
2. The first day of medical necessity for the employee's presence by the qualifying family member or servicemember.
3. In the event of disability, the first day an employee cannot perform the requirements of their job.

The ending date is the earliest of the following dates:

1. When the employee requests to return to work.
2. When a total of 12 weeks of leave has been taken for one or more of the qualifying reasons.
3. In the event of a birth or placement of a child, the expires 12 months from the date of the birth or placement.
4. In the event of a leave related to disability of the employee or a family member or servicemember, the end of the medical necessity for the leave.

Management reserves the right to review and approve the required documentation and conditions of any leave of absence. Based upon that approval, eligible employees may receive FMLA leave for any of the six reasons previously stated.

PARENTAL LEAVE

Often called "maternity" or "paternity" leave, Parental Leave is time off from work for female and male employees who are physically able to work but who choose to remain home and care for newborn, newly adopted, or recently placed foster children. The employee must be a natural parent, adoptive parent, foster parent or an individual standing in "loco parentis" for a child who is under 18 years of age, or if older must be incapable of self-care because of mental or physical disability. Leave to care for a child must be completed within 12 months of the child's birth or placement. Employees on Parental Leave of 12 weeks or less will be required to use accrued vacation days starting at the beginning of the leave schedule only with specific approval by Company management.

FAMILY CARE LEAVE

Employees may be granted a Family Care Leave for the purpose of caring for a child (including biological, adopted, foster and stepchildren under the age 18, or age 18 and older if incapable of self-care because of a mental or physical disability), spouse (meaning legal married spouse) or parent (not including in-laws) who has a serious health condition.

Certification of the family member's serious health condition, both before the leave begins and on a periodic basis by the family member's health care provider will be required. If the Company desires, it may at its sole discretion require and pay for a second medical opinion of the necessity for family and medical leave. If first and second opinions differ, the Company may require and pay for a binding opinion of a third health care provider, jointly approved by the Company and the employee. The Company will reimburse the employee or family member for any reasonable out-of-pocket travel expenses incurred in obtaining the required second or third medical opinion. If the employee fails to provide the required certification, the leave is not considered FMLA leave, and thus the leave is not protected under the FMLA and the employee does not enjoy the protections of the act.

Employees on Family Care Leave of 12 weeks or less will be required to use accrued vacation days starting at the beginning of the leave. Paid sick days, with the exception of using the maximum number of Personal Days accrued, may not be used for a Family Care Leave.

SICK LEAVE

Employees who suffer from their own serious illness or injury may be granted a Sick Leave. A serious health condition includes any illness, injury, impairment or physical or mental condition that involves either inpatient care or continuing treatment by a health care provider. This type of leave covers disabilities caused by pregnancy, childbirth, or other related medical conditions, as well as job-related injuries covered by workers' compensation.

Certification of an employee's need for Sick Leave, both before the leave begins and on a periodic basis thereafter by their health care provider, will be required. If the Company desires, it may at its sole discretion require and pay for a second medical opinion of the necessity for family and medical leave. If first and second opinions differ, the Company may require and pay for a binding opinion of a third health care provider, jointly approved by the Company and the employee. The Company will reimburse the employee for any reasonable out-of-pocket travel expenses incurred in obtaining the required second or third medical opinion. If the employee fails to provide the required certification, the leave is not considered FMLA leave, and thus the leave is not protected under the FMLA and the employee does not enjoy the protection of the act.

Employees returning from a Sick Leave must provide fitness for duty certification from their health care provider of their ability to perform the functions of their job. This must be presented to the employee's supervisor prior to returning to work. Employees on Sick Leave of 12 weeks or less will be required to use accrued vacation days starting at the beginning of the leave. Paid sick days, up to the maximum the employee has accumulated at the time the leave begins, will also be used for a Sick Leave once accrued vacation days have been exhausted. However, employees off due to a job-related injury covered by workers' compensation will not be eligible to use paid vacation or sick days as they will be receiving salary benefits from that insurance program.

MILITARY EXIGENCY LEAVE

Eligible employees with a spouse, son, daughter, or parent on active duty or call to active-duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

MILITARY FAMILY LEAVE

This special leave entitlement permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty that may render the servicemember medically unfit to perform his or her duties for which the servicemember is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list. Certification from the health care provider of the family member's serious injury or illness, both before the leave begins and on a periodic basis thereafter, will be required.

Employees must follow specific procedures to request a family or medical leave. There procedures are as follows:
